Sisters in Sanity is one of the first books that I read in English (it's also one of the first e-books I've read). This was my second time reading it, and the two things I remembered about it from the first time reading still stand: this book is an emotional roller-coaster, and this book is infuriating.

SISTERS IN SANITY is the literary equivalent of an overwrought Lifetime TV movie. The formula: victim, injustice, empowerment, happy ending. Gayle Forman couldn't have done five minutes of research on licensing, treatment centers and insurance reimbursement. Insurances pay at most 28 days, usually much less, thanks to HMOs. Treatment facilities, even bad ones don't have patients/students running the halls at night with pass keys, sneaking in to offices to steal files.
